Hydraulic Elevators

Compect Home Lift

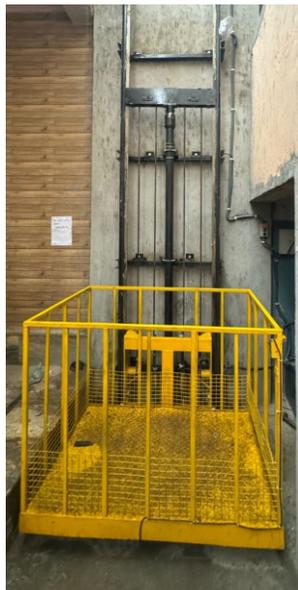

Hydraulic Lift for Home: With introduction of Soft Start & Stop feature we make your ride absolutely jerk free & smooth. The reason we command Indian home lifts market is that our lifts require a less pit of 300mm with no overhead & operate on single phase power supply.

No Need Pit & Machine Room

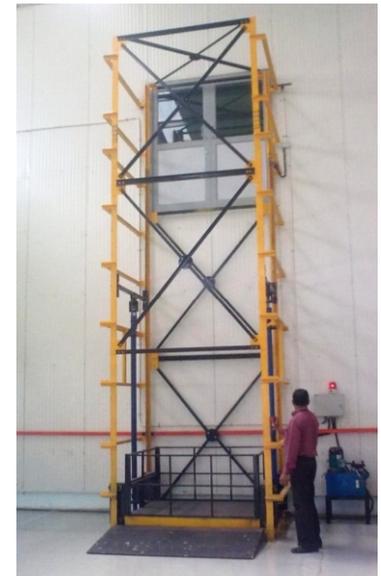

Compect Home Lift

Goods Lift Single Mast

Goods Lift Dual Mast

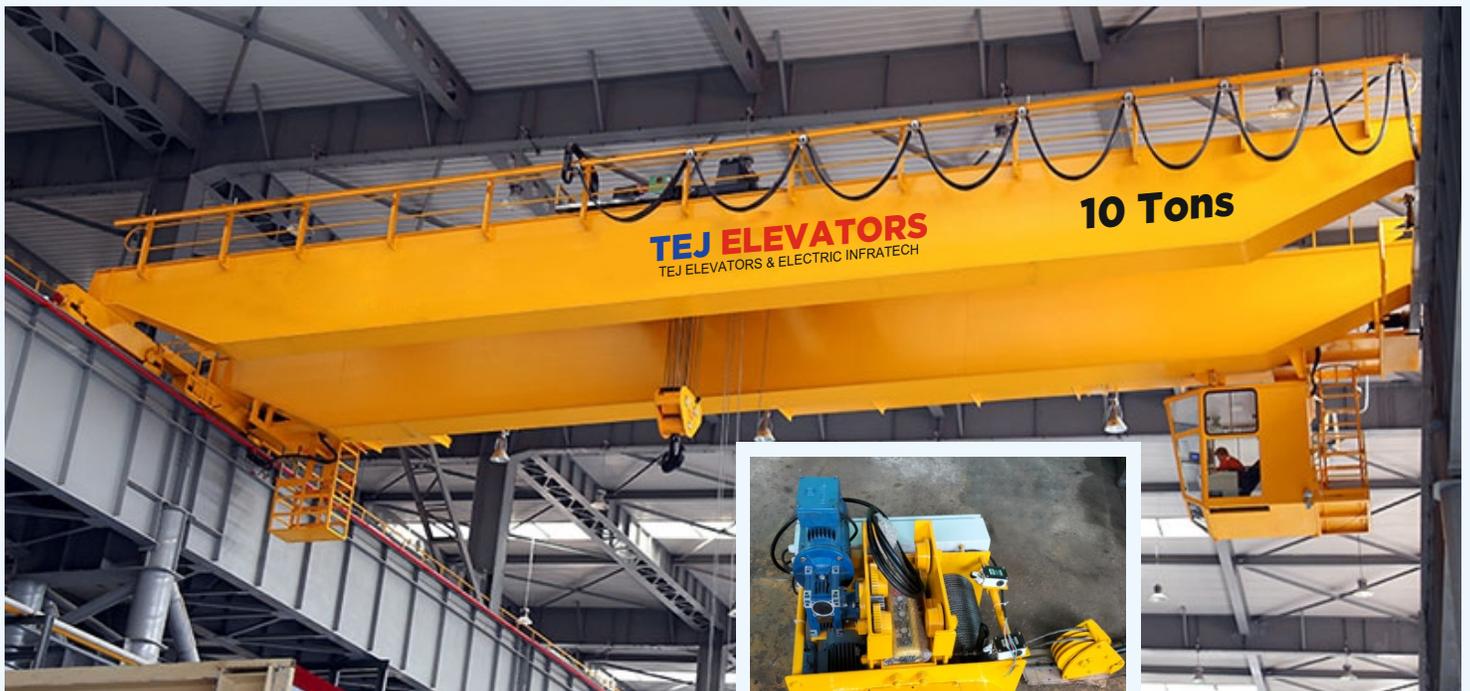

Over Head Crane

Single Girder & Double Girder

An overhead crane, commonly called a bridge crane, is a type of crane found in industrial environments. An overhead crane consists of two parallel rails seated on longitudinal I-beams attached to opposite steel columns by means of brackets. The traveling bridge spans the gap.
